PROFESSIONAL SUMMARY

Results-driven Business Development Executive with 1 year of experience in lead generation, client acquisition, and outreach across B2B and B2C models. Skilled in defining ICPs, running inbound and outbound strategies, LinkedIn outreach, and building email campaigns backed by A/B and subject line testing. Experienced in selling the staff augmentation model and supporting recruitment through recruiter email writing and resume making. Committed to building a consistent sales pipeline and turning prospects into long-term client relationships.

WORK EXPERIENCE

Business Development Executive *August 2025 – Present*

Took ownership of end-to-end business development, from prospecting and outreach to proposals and deal closure, across Upwork and LinkedIn, supporting both client acquisition and recruitment-side outreach for a staff augmentation business.

- Generated leads for B2B and B2C clients by defining Ideal Customer Profiles (ICPs), researching prospects, and using email fetching tools to build targeted contact lists, running both inbound and outbound lead generation.
- Pitched the staff augmentation model to prospective clients, managing the full cycle from prospecting and proposal drafting on Upwork to negotiation and deal closure.
- Ran LinkedIn outreach to connect with decision-makers and candidates, using the differences between LinkedIn Suite and Recruiter to choose the right tool for each lead-hunting and hiring task.
- Wrote and optimised cold and recruiter outreach emails, and managed email campaigns, using A/B testing and subject line tests to improve open and response rates.
- Identified and resolved email spamming issues to protect deliverability and keep outreach campaigns reaching inboxes.
- Prepared and formatted candidate resumes for recruitment placements, and tracked lead status and outreach activity to prioritise high-potential prospects and nurture long-term relationships.
